

During the warm summer days, you are welcome to visit the Saulkrasti district! Less than an hour's drive from Riga – sea, sun, nature... everything you need to have a leisurely holiday in one of the most beautiful coastal towns in Vidzeme –

IN A TOWN CLOSER TO THE SUN!

For taking walks in nature, magical sunset moments and watching the playful sea waves, we offer one of the most wonderful places on Vidzeme's seashore – Baltā kāpa (White Dune) and Saulrieta taka (Sunset Trail).

Less than a kilometre away from the White Dune, you can visit the Saulkrasti Bicycle Museum that offers the only old bicycle collection in Latvia. The collection includes various items connected to bicycle usage, cycling, related associations and the manufacturing of bicycles. Furthermore, in the exhibition, you are able to view the largest collection of Eastern European bicycle manufacturer logos. At the museum, you can rent bicycles for pleasure rides and there is a bicycle workshop just in case.

On Fridays and Saturdays, music club «Katrinbāde» hosts parties with music and dances, where you can dance till you drop.

For lovers of extreme outdoor activity, corporate events and tournaments, you can enjoy the paintball park «Bušas», where you can rent and buy shelters and modernised equipment. It is also possible to arrange a special leisure activity program.

Visit both the cosy bakery – pizzeria «Bemberi» and the cafe – library «Bemberi». You must also taste the mouth-watering pastries at the pastry shop «10 balles».

For active sports you can go to «Koklītes» – the centre for active sports, where you can take kiteboarding and windsurfing lessons, rent equipment, enjoy water attractions – water-skiing, wakeboarding, «bubbles», skimboarding and

boards for balance exercises, water walking balls, and rent sailing boats and beach equipment, etc.

«The Baltic Inn» hostel offers swimming lessons for children and water aerobics as well as budget accommodation for families and larger tourist groups.

In the centre of Saulkrasti you can find a well-managed seaside resort that received the National Seaside Resort Certificate in 2009, moving a step closer to the Blue Flag award. Saulkrasti beach lifeguards will make sure that it is a safe holiday for visiting families.

Zvejniekiems and its stony seaside is a much loved part of the Saulkrasti seaside by artists and photographers. Next to it lies the first port in Vidzeme – Skultes osta (Skulte Port), which is the largest among the small ports in Latvia. In 2009, the port celebrated its 70th anniversary.

For health and beauty, you will find a wide range of body treatments offered at beauty salons.

Outdoor activities can be enjoyed on the bicycle route «Crossing Four Rivers», one-day hiking route «Skulte – Inčupe», fishing routes, hiking route for children «Mazais loks» (Small circle). Route information and maps on www.saulkrasti.lv, in the section «Tourism».

15 km from Saulkrasti you will find the Minhauzena Muzejs (Baron Minhauzen's Museum), a forest trail and the ceramics workshops of Ingrida Žagata and Arnis Preiss. However, 16 km further on, visit one of the most beautiful and well-kept Vidzeme castles – Biriņu pils (Biriņi Castle).

The monument is located in the Saulkrasti open-air stage park.
